

1 In the Office Action, the Examiner identified two distinct inventions, Group I defined  
2 by claims 1-18 drawn to a lawn edging and Group II defined by claims 19-20 drawn to a method of  
3 co-extruding. Pursuant to 35 U.S.C. § 121, the Examiner has required Applicant to restrict the  
4 examination to a single invention for prosecution on the merits. In response to the Examiner's  
5 requirement, Applicant has selected the invention identified with Group I (claims 1-18) for  
6 prosecution on the merits, without traverse to said selection.

7 Consideration of the application in light of Applicant's restriction is requested.  
8 Allowance of Claims 1-18 is respectfully solicited.
